There s a road that s straight and narrow
C **G**
That the saints have travelled on

In this world of grief and sorrow
C **G**
Filled with selfishness and greed
G
There remains the Glory Fountain
A **D7**
To supply our every need
G
You can find it in the temple

With a welcome on the door

Before you ask for more

Be forgivin to the wayward
C **G**
Like the Master told us to

When He said forgive them Father

For they know not what they do

They would change their way of livin
C **G**
If they could but understand
G
So remember they re your brothers
D **G**
They need a helpin hand

Thank God for every flower and each tree

C **G** **C** **G**
Wherever you may be, Thank God
