Please excuse some of my chord names, if they are wrong.

I got this, from watching this video: <http://uk.youtube.com/watch?v=K5Z2tOJsHLg>

C# B Asus2 B

The look in your eyes
As i told you goodbye
killed not only the night
but the butterflies.

C# Eflat E* B Eflat E* Asus2 B

that were filling my gut
as enough wasnâ€™t much
i found all the truth in your touch
through this game we call lust.

C# Eflat E* B Eflat E* E Eflat E* Asus2

Speak to me iâ€™m all ears and all goodbyes
Scream at me iâ€™m no ears but iâ€™m all eyes.

C# B Asus2 B

Open up so i can see inside
so i can see just what your made of
Loosen up before all ties come loose
donâ€™t expect all eyes on you.

C# Eflat E* B Eflat E* E Eflat E* Asus2

Nooooahhhhhhoooooo
Speak to me iâ€™m all ears and all goodbyes
Scream at me iâ€™m no ears but iâ€™m all eyes.

C# E* C# Asus2 E B C# A*

Speak to me cause iâ€™m all ears
Scream at me cause im all eyes
iâ€™ll read the lies of love from your lips
feel the guilt throbbing through your fingertips.

C# Eflat E* B Eflat E* E Eflat E* Asus2

speak to me iâ€™m all ears and goodbyes
scream at me iâ€™m no ears but iâ€™m all eyes.

Asus2

I m all eyes.

Hope you enjoying playing this song as much as I do (:
