Overflow

[Verse 1]
If I speak let it be an echo of Your love
If I lift up my hands let it be to feel Your touch
                                         G
If I sing let it be more than just a melody in my heart
[Chorus 1]
                   Dm C G
              G
Let my worship overfloooooow
