Gm

You act so speechless. You ve got nothing to say.

Bb

C

The way you walk around me. The way you re talking to me.

F

Gm

Makes me wonder. If this was only play.

Bb

C

And I wonder will you still love me?

F

Gm

Do you still love me, like you did before.

Said come on baby you think I m so blind

I see what you re doing behind my back all the time

I get suspicious when you call me someone else s name

You think I don t notice that nothing s the same...anymore

And I wonder will you still love me?

Did you ever love me, or were you playing with me before

Ohh baby you think I m so blind

Ohh baby I m not playing around this time

And I wonder will you still love me?

Did you ever love me, or are you showing me the door

Ohh baby you think I m so blind

Ohh baby I m not playing around this time
