This song me and a friend figured out cause we re performing it for our school Luau. This is in tune with the CD, I am not sure if Hapa uses capos or not, but it isn t too hard if you can do barre chords. This is in the key of D#. If anyone has corrections or comments, please send them! I am not too sure about all of the chords, but they are damn close! Also, I should do a tab of the guitar solos, cause they aren t too complex, but that s when I have more time...

Aloha all music fans,
Jeff
