A man needs an airplane (Happy Chichester)

**G Dm A A9sus4**  
I was hoping I could talk with you

**A# Gm Dm C Csus C**  
But the phone was disconnected when I finally got through.

**G Dm A A9sus4**  
And the thought of you came on like a crash

**A# Gm Dm C Csus C**  
And the time I had for breakfast made me hunger for cash.

**G Dm A A9sus4**  
And the words I lived I wrote you too late

**A# Gm Dm C Csus C**  
Coz I had to find your mother to hear you moved out of state.

**G Dm A A9sus4**  
And the phases of the moon are in time

**A# Gm Dm**  
With the way my mood reflects all the crazy thoughts in my mind.

**F F#15w5 F C**  
Somewhere, I bet, somebody's asking your name.

**Gm A# F Dm C Gm**  
A man needs an airplane to let him know that all is alright

**A# F**  
A man needs an airplane to bring him back to earth sometimes

**Am**  
And to get away with?

**G Dm A A9sus4**  
Afternoon has left me again

**A# Gm Dm C**  
And the colours of the evening look nothing like your skin.

**G Dm A A9sus4**  
And the coolness of the breezes enfold

**A# Gm Dm**  
And I see your pale reflection coming across the unknown.

**F F#15w5 F C**  
I don't know why, you look like a bride to me.

A man needs an airplane to let him know that all is alright

A man needs an airplane to bring him back to earth sometimes

Oh an airplane to let him know that he's not alone

Satisfy his need for a song

Wait on him when he disappears

A man needs an airplane

A man needs an airplane
