

Kinky Afro

Happy Mondays

Hi I'm Nick and this is my adaptation of Kinky Afro By The Happy Mondays. Its probably wrong or needs a or something, but I think it sounds right.

Its pretty much Just two chords the whole way through which are **Am & D7**

But the guitar riff goes like this, I have put a > in front of the string you play

And the numbers represent the threat number you hold.

So 0 would be an open string. If there is no > in front of a number then don't play it.

E	0	0	0	0	0	0	0	0	0	0
A	0	0	0	0	0	0	0	0	0	0
D	0	0	0	0	0	0	0	0	0	0
G	0	0	0	0	0	>2	0	0	0	>2
B	0	0	0	0	>1	0	>1	0	>1	0
E	>0	>2	>0	>2	0	0	0	>2	0	0

Then keep repeating it.

Its basically just twanging the top few strings while holding your fingers on the chord shapes of Am &

D7.
