When the game just ain t the same
every sicko kingdom came
rain rings when you wake up
just remember fall 03
dull december you and me
and girl go get that cup

You give me health
That technicolor health
You give me health
That technicolor health

When the game go just the same
Finger through a candle flame
Day s inn fake last name
Go ahead and have a laugh
Lionize a golden calf
And boy, go stake that claim

You give me health
That technicolor health
You give me health
