**Dm**

**A**

**A**

**E**

**Dm**

**A**

And I m gonna burn in hell for corrupting my better half.

Alright, those are the chord progressions for the different parts of the song. I ll put lyrics for the next two verses up since you can t find the lyrics for this anywhere online.

Verse 2:

Cruisin down the highway going 95.

We re robbing convenience stores and trying to stay alive.

I m sorry I killed that man back there can you ever forgive me,

For bringing you into my life when I should ve let you be.

Pre-Chorus

Chorus

Then he does a little solo, which is just playing through the verse chords once. If

lift your finger off the 2nd string in the A chord and the first string the Dm chord every

and a while it sounds sort of like what he does.

Verse 3:

Well the cops found our hideout and they shot her.

Why d they go and do something so cruel.

She died in my arms I had to leave her.

I m sorry my love for being such a fool.

Pre-Chorus

Final Chorus Lyrics:

And God said, It is good, and man and woman should

Become one and be fruitful. Well I would, if I could.

But I m running from the law and the cops shot down my shack.

And I m gonna burn in hell for corrupting my better half...

I m gonna burn in hell for corrupting my better half...

I m gonna burn in hell for killing my better half.
