[Verse 1]

**C**                    **F**                    **C**  
Morons are sinking this ship

**Am**                    **F**                    **C**                    **G**  
We re on the way to being dead cuz there s a drop off straight ahead

**F**                    **G**                    **E**                    **Am G**  
We sailed out unprepared, now they expect us all to float

**F**                    **G**                    **C**  
These morons are crashing this boat

**C**                    **F**                    **C**  
And idiots are breeding like flies

**Am**                    **F**                    **C**                    **G**  
These kids can t cross their
