Baby, baby it s the last stand  
The last song from the last band  
The last note from the last man  
You give it all you can

The cards came down to the last deal  
The starvin man in his last meal  
The movie s down to the last reel  
With an ending you never planned

You left me now, or so it seems  
Tumblin down that last dream  
Findin out that the final dream  
Can disappear so fast

Watch it all just fade away  
Comin down to the last day  
The last out, the last play  
You re alone at last

So you circle all the wagons  
And you hide behind the trees  
Try to find your courage on your knees  
When you heard the sound of taps played  
By the one man marching band  
You knew this is where you d have to make your
