FINLAND (the song) " HARRY LOCO

Intro **C Em F G**

**C Em F G**  
As I walked this land, step by step  
**C Em F G**  
Never been here before  
**C Em F G**  
From the moment, I walked down the stairs  
**C Em F G**  
I knew ,I want more

**F G**

I cross the land through the woods  
Northbound to the coast  
Wide open sky with stars so bright  
Impressed me most

CHORUS

People come and people go  
Lost friends, along the way  
We live on ,with their past  
Till we meet again ,someday

Chorus

**F G G F# F F G**  
1000 lights, in the night  
**C Em F G**  
to people, who passed away  
**C Em F G**  
Light a candle ,on X-mass day  
**C Em F G C Em F G**  
So in their hearts and minds ,they always, will stay

1000 lights, in the night ,out of sight  
But in hearts and mind ,you always will stay ,forever
