

Just a Little Bit Of Your Heart
Harry Styles

[Intro] G Bm Em D G Em D

G Bm Em D G
I don't ever ask you where you've been

Bm Em G
And I don't feel the need to

Bm G
Know who you're with

Bm Em D G
I can't even think straight but I can tell

Bm Em
That you were just with her

D Bm G C G Bm G
And I'll still be a fool, I'm a fool for you

G Em
Just a little bit of your heart

D G
Just a little bit of your heart

Bm Em C G
Just a little bit of your heart is all I want

G Em
Just a little bit of your heart

D G
Just a little bit of your heart

Bm Em C G
Just a little bit is all I'm asking for

(Bm Em D G Bm Em D G)

G Bm Em D G
I don't ever tell you how I really feel

Bm Em G
Cause I can't find the words to say what I mean

Bm Em
And nothing's ever easy

D G
That's what they say

Bm Em
I know I'm not your only

D Bm G C G Bm G
But I'll still be a fool, I'm a fool for you

G Em
Just a little bit of your heart

D G

Just a little bit of your heart
Just a little bit of your heart is all I want

Just a little bit of your heart
Just a little bit of your heart
Just a little bit is all I m asking for

(Bm Em D G Bm Em D G)

I know I m not your only
But at least I m one
I hear a little love is better than none

Just a little bit of your heart
Just a little bit of your heart
Just a little bit of your heart is all I want

Just a little bit of your heart
Just a little bit of your heart
Just a little bit is all I m asking for

Just a little bit of your heart
Just a little bit of your heart
Just a little bit of your heart is all I want

Just a little bit of your heart
Just a little bit of your heart
Just a little bit is all I m asking for
