In the days when we had nothing  
**D**  
And the rent was overdue  
**G**  
We never ever worried  
**G7 C**  
And we'd always see it through  
  
We didn't mind the hard times  
**D**  
We just said I love you  
**G G7 C**  
In the days when we had nothing we had fun.

**Am**  
But now the mortgage won't get smaller  
  
And the rates are on the rise  
**D**  
The bills come every morning  
**G G7**  
And I find to my surprise  
**C E**  
That with a house, a car, a fridge, a bar  
**F Fm**  
And all that money buys  
**C G G7 C**  
In the days when we had nothing we had fun.

**C**  
In the days when we had nothing  
**D**  
But the dreams we knew we shared  
**G**

There were empty shelves and old tin cans

**G7** **C**

But neither of us cared

We said we can't we knew we shouldn't

**D**

Then we went and dared

**G** **G7** **C**

In the days when we had nothing we had fun.

**Am**

But now the mortgage won't get smaller

And the rates are on the rise

**D**

The bills come every morning

**G** **G7**

And I find to my surprise

**C** **E**

We had all the years ahead

**G7** **C**

But it's taken all those years for me

**D**

To find what living's for

**G** **G7** **C**

Let's forget that we've got something and have fun

**Am**

Cos now the mortgage won't get smaller

And the rates are on the rise

**D**

The bills come every morning

**G** **G7**

And I find to my surprise

**C** **E**

That with a house, a car, a fridge, a bar
