

Flagpole Sitta
Harvey Danger

Allright.. well here is the Power Chord version as promised.. Yes, I know it sux ass... its mostly because you cant hear the damned guitar in the song. The whole thing is mostly just the bass anyhow. But here it is if you truly wish to play it. personally I think the Chord version sounds better.. but that might just be because I hate power chords.

You told them all I was crazy

Now I m an amputee, God damn you

Bridge:

Kill my mind

Paranoia, paranoia
Everybody's comin to get me
Just say you never met me
I'm runnin under the ground with the moles
Diggin holes

Hear the voices in my head
I swear to God
It sounds like they're snoring
But if you're bored then you're boring

The agony and the irony
They're killing me

Yes, I'm positive these are not exactly right. But if you just play along it sounds pretty good... the lyrics are off. (due to the fact I was too lazy to go grab my guitar and play it out). Have fun with it. questions or comments to * .. Rock long, Rock hard, Rock on
