

[Verse 2]

C **F** **G** **C** **F G**
Maybe next time we can work this out
C **F** **G** **C**
But my head and heart are tangled up for now

F G **C**
You know that I m backwards

F **G**
And I don t feel good

C **F G**
Oh, you can go run away

C **F G**
I am backwards and I feel stupid

C **F G**
I m watching you back away

[Pre-Chorus]

F **G**
I just wanted more from you

F **G**
And what did you do?

F **G**
I opened the door for you

F **G**
And we couldn t move

[Chorus]

C **G**
And you could be the bad guy, I could be the bad guy

F **G**
Anyway you wanna try, doesn t make us feel right

C **F G**
It s funny like that

And we can talk all night, get into another fight

F **G**
Tell me all our lies, didn t mean to make me cry

C **F G**
What a way to react

[Bridge]

But you never really wanted to talk anyway

F **G**
You never really wanted to talk anyway

F **G**
You never really wanted to talk anyway

F **G**
You never really wanted to talk anyway

[Outro]
