

36 Days

Hawk Nelson

Verse:1

**G D C**  
Gone away far from home, the weekend s over  
**G D C Cadd9**  
Let s pack up and start again  
**G D C**  
Twenty days on the road, just left Port Dover  
**G D C**  
With sixteen days to go

**C D C**  
I just called my mom to tell her that I miss her  
**C D**  
I just wrote my girl  
**G D**  
Man I can t remember the last time I kissed her  
**C D G C**  
Soon I ll be at home with all my friends

After thirty-six days on the road

Chorus:

**G D**  
Lights go down, the noise has faded  
**C D G**  
We leave this town, anticipated  
**G D C**  
Soon we ll be back on the road again  
**G D**  
All is lost, but not forgotten  
**C D G**  
One by one the fights we ve fought in  
**C G**  
And soon we ll be back on the road again  
**D G**  
For thirty-six days

Verse:2

**G D C**  
We turn around, face the crowd  
  
We re starting over  
**G D C**  
This time north of L.A.

**G C G**  
Once again here we are  
**D C**  
It s a new beginning  
**G D C**  
I d leave this life any day

**G D G C**  
I feel so alive, though a part of me is gone  
**D C G**  
And this life I lead, is the life that I ve dreamed of  
**D C**  
Since I was the age of twelve  
**G C D C**  
And now I ll sing with all that is within me  
**D C G**  
After thirty-six days on the road

Chorus:

**G D**  
Lights go down, the noise has faded  
**C D G**  
We leave this town, anticipated  
**G D C**  
Soon we ll be back on the road again  
**G D**  
All is lost, but not forgotten  
**C D G**  
One by one the fights we ve fought in  
**C G**  
And soon we ll be back on the road again  
**D G**  
For thirty-six days
