G **D**
There she was, 5 3 a picture of my mother s mother

Her final days were spent in bed where she passed away
Em **D**
I won t forget her smiling face when she left us that night

C **D**
But I still miss you
G **Em**
All the times we spent together
C **Em**
To hear you talk about the weather
C **D**
I always prayed you d get well soon
C **D**
I wish my prayers came true
G **Em**
I know Jesus has the answer
C **Em**
And He s way bigger than the cancer in you
D
But I still miss you

G **D**
If dreams came true, just one more chance to talk to you
Em **D**
And thank you for the time you spent teaching me the truth
G **D**
A boy back then, I ve grown up, now I m a man
Em **D**
I can finally understand the things you said to me

C **D**
But I still miss you

G **Em**
All the times we spent together
C **Em**
To hear you talk about the weather
C **D**
I always prayed you'd get well soon
