Ice Age
Hawksley Workman

E
Ice age

G#m
Don t cry baby

A **G#m** **F#m**
Cause we ll ride it where it goes

A **G#m** **F#m**
And we ll dress up for the cold

E
There s gonna be nice days

B
In the ice age

E
And I learned when I was in school

G#m
It only moves an inch or two

A **G#m** **F#m**
Every other day

A **G#m** **F#m**
So I think we ll be okay

E
There s gonna be nice days

B
In the ice age

E
And there s little left to say

G#m
That our love won t melt away

A **G#m** **F#m**
So have another glass of wine

A G#m F#m
And I think it will be fine

E
There s gonna be nice days

B E G#m A G#m F#m A G#m F#m
E B
In the ice age, oh yeah

F#
And the saddest thing would be

A#m
Is if you up and said to me

B A#m G#m
That you re tired of running scared

B A#m G#m
And you really don t care

F# C#
About the ice age, baby

G#
So maybe we lie down

B#m
And we kiss there on the ground

C# B#m A#m
As we re taken by the ice

C# B#m A#m
And in fact it might be nice

G#
There s gonna be nice days

D#
In the ice age

A
And in ten thousand year s time

C#m
When we re found there still entwined

D C#m Bm
In a near-eternal kiss

D

That would impress the scientists

C#m

Bm

A

There s gonna be nice days
