

**What Would You Say To Me Lord
Hawksley Workman**

OK, This is as close as my amateur skills could get it. I m hoping someone can pick it up where I couldn t quite get it and fix it up. It sounds better if you play the G as a bar chord

D **Bm**
Surface pain and the rust broke down
G **D**
And the galvanized steals around
D **Bm** **G**
Chamomile and the treasury bank note fallacies
D
Oh what can you say?

D **Bm**
Broke a back on a the downsize patio
G **D**
Lanterns all hung in array
D **Bm**
Said it once and I ll say it at the alter,
G **D**
The hymn lines are all gonna change

D **Bm**
What would you say to me?
G **D**
What would you say to me?
D **Bm** **F#** **G** **D**
What would you say to me Lord, if we both met face to face?

D **Bm**
Dog days and the summers at the airport
G **D**
Managers are gone for the day
D **Bm**
Bad times hit the factory knock-offs
G **D**
Sadness, a balloon that you break
D **Bm**
Balance beams cast the runway child
G **D**
Packed his bags cause he s going to late
D **Bm**
Mutant strains hear the message on the cork
G **D**

Bored to tears with the lines on his face

D **Bm**
What would you say to me?

G **D**
What would you say to me?

D **Bm** **F#** **G** **D**
What would you say to me Lord, if we both met face to face?

D **Bm**
What would you say to me?

G **D**
What would you say to me?

What would you say to me Lord, if we both met face to face?

Burned bridges as a boy scout cookie crumb

Bad timing belled the chorus to the angel food

Santa s coming you can hear him in the chimney sweep
