The Hawklords (aka Hawkwind) - 25 Years

[A5] [B5] [D5] [E5]

Went to [A5]school, I studied  
And I got my G.C.E.  
My [B5]City and Guilds and my Sky Diary  
But it [D5]didn t do me no good  
They [E5]didn t like my looks,  
So I burnt my books

[A5]25 years doesn t matter anymore  
I [B5]stand around the streets  
And lie around the floor  
[D5]looking at the sky  
I [E5]watch the world go by

[A5] 25 years  
[B5] 25 years  
[D5] 25 years  
[E5] 25 years

I [A5]started out one day  
And I worked in a factory  
My [B5]mind went blank,  
I needed a battery  
[D5]Didn t do me no good  
[E5] I got the sack,  
My work was slack

They [A5]said there s life up there in the galaxy  
The [B5]world s in collision  
There s people with an allergy  
[D5]25 years of,  
25 years of,  
[E5]25 years of social research

[A5]25 years doesn t matter anymore  
I [B5]stand around the streets  
And lie around the floor  
[D5]looking at the sky  
I [E5]watch the world go by

[A5]25 years  
[G5]25 years  
[A5]25 years

[G5]25 years
