Lyrics

**E**  
You don t buy me flowers  
**G#m**  
You don t buy me drinks  
**C#m**  
You don t drive me anywhere  
**A**  
but totally insane  
**E**  
We used to talk for hours  
**G#m**  
until the night was through  
**C#m**  
but recently your ego  
**A**  
is going through the roof

Maybe you need a wake up call  
Cos you re too comfortable  
You think because you bag me  
don t have to work at all

It seems like I gotta do wrong  
to get your attention  
but maybe when i call this man up  
you ll finally start to wake up

I think i m gonna have to cheat  
to keep your eyes on me  
but maybe if i make you jealous  
you ll finally start to wake up

This is your wake up call  
this is your wake up call  
so wake up  
wake up  
you better wake up

You re underestimating  
the kinda chick i am  
cos I don t have a problem  
finding someone else  
I ll put my little black dress on  
and go out to the clubs  
And you wont know whats goin on  
till tomorrow when your boys tell you  
I was dancing with someone

Maybe you need a wake up call  
you re way too comfortable  
You think because you bag me you  
don t have to work at all

It seems like I gotta do wrong  
to get your attention  
but maybe when i call this man up  
you ll finally start to wake up

I think i m gonna have to cheat  
to keep your eyes on me  
but maybe if i make you jealous  
you ll finally start to wake up

This is your wake up call  
this is your wake up call  
so wake up  
wake up  
you better wake up

You re taking me for granted  
Boy you re really slacking  
If I see somebody I like I ma have to grab em  
Time is running out but  
you need to do me right so  
I ma get mine back  
You better wake up

It seems like I gotta do wrong  
to get your attention  
but maybe when i call this man up

you ll finally start to wake up

I think i m gonna have to cheat  
to keep your eyes on me  
but maybe if i make you jealous  
you ll finally start to wake up

This is your wake up call  
this is your wake up call  
so wake up (seems like i got it all wrong)  
wake up  
you better wake up

This is your wake up call  
this is your wake up call  
so wake up  
wake up  
you better wake up
