A coffin of aged meat

**Asus2 F# Asus2**

Reminds me I don t fly too good anymore

She goes

Down to the soil

And sets her hand on fire

To prove she don t feel for me

I wait for dignity

To tell me that she is wrong

She is wrong

If she is wrong, I am not what is wrong here

CHORUS

Somewhere I forget where  
**B** **Asus2** **F#** **Asus2**  
Supposedly I am somebody s best friend

VERSE

So  
I wait at home  
Gaging the backlash  
Heart struck, I stumble  
A cemetery two step and think of the gravestone  
Here lies a solitary note from an angel  
that said this would work out  
Just like a dream  
A fine sweeping motion  
That carries me to sleep at night

CHORUS

Somewhere I forget where  
Supposedly I am somebody s best friend

VERSE

No  
Final pretensions  
No honorable mentions  
I drink my way to sleep  
Dream and dream and dream and dream and dream  
Dream and dream and

I wanna wake up in my own bed again

I wanna wake up in my own bed again

I wanna wake up in my own bed again

CHORUS

Somewhere I forget where

Supposedly I am somebody s best friend
