its just **Em C G D** the whole way through! might not be perfect but this is my first  
tab. hope you like it :)

Em C  
He grew up just a little too fast  
G D  
Lost and needs it s on his past

I can hear him hummin  
From the other side of the room  
Guess he s got rhythm  
Cause he hums every time he s blue

Ohhhhhhhhh.

Radio,  
Bleed me a melody  
That will make this boy cry  
Radio,  
Bleed me a melody  
That ll make him wonder why  
He was so cold

Broken glass and a pretty face  
Silent morn full of hate  
Quiet face, silent mind  
Screaming for consequence  
Bleedin for more

Radio,  
Bleed me a melody  
That will make this boy cry  
Radio,  
Bleed me a melody  
That ll make him wonder why  
He was so cold

Play him a song that reminds him  
Of a time when he wasn't tumbling down, down  
Tumbling down

Radio,  
Bleed me a melody  
That will make this boy cry  
Radio,  
Bleed me a melody

That ll make him wonder why  
He was so cold (radio)
