Time To Spare
Head for the Hills

http://headforthehillsmusic.com/site/home/

```
             G#                      C#
Ive been to Memphis, down to Baton Rouge
             G#                          Eb7
Racked up expenses on hotel rooms and booze
           C#                          G#
I may be senseless, but I m staying on the move
        B      F#       Eb7         F#           F# G G#
Until I wear a hole in these old walkin’ shoes.
```

Chorus

```
         C#                   G#           C#                  G#
I don’t need no picket fences, I don’t want no rockin’ chair
   B          C#                    Eb7
I got my own ball and chain to wear
            G#                            E       F#
Out on the highway, you’ll find me there
     Eb7                                   (F# G G# - Mando)
Spare me the story friend Ive got no time to spare
```

Ive been to Portland, and Chicago too
Ive been to Wichita, Arapaho, St. Lou
But all those places, I ain’t seen them all
’cause the moment I arrived I had to run

Chorus

(Instrumental, good luck)

I’ve seen the city, I’ve seen the plains
I’ve spent most my life in mountainous terrain
Well the more I drive these roads I go insane
That’s why I’m headed back to where I came

Chorus

(Instrumental, rip away… keep going, don’t give up, and again)

Chorus
