Cherry Tulips
By: Headlights
Some Racing, Some Stopping

G Em C D Over and over. Really sweet song though.

G

I can't sleep in silence

Em

can't be pitch black in my room

C

I need some lights on, some distraction

D

so I won't move

Same for the rest of the song.

and in the middle of the night when I have
drifted off in sleep
I see a thousand cherry tulips lined up
along my street

I want the sea
I want the whole sea
(and endless cherries)
for you and me
(for crimson colors)
for you and me
(all just for you and me)

and in in the middle of the night when I have
drifted off in sleep
I see a thousand cherry tulips lined up
along my street

I want the sea
I want the whole sea
(and endless cherries)
for you and me
(for crimson colors)
for you and me
(all just for you and me)

I want the sea
I want the whole sea
(and endless cherries)
for you and me

(all crimson colors)
for you and me
(all just for you and me)
