Unsound-Headstones

This song rocks and I love when a great canadian band has an awesome song.

I don t play bass but I got my guitar teacher to show me the bassline and the guitar comes right off that.

This is from memory (I don t have the CD with me)

Intro: (Bass)

A	G	D	A
--6-6-6	---4*4--4-	--7-7-7	---2p0h2--
-----7-	--5-----5--	-----7-	--2-----
-----	-----	5-----	0-----
5-----	3-----	-----	-----

A	G	D	A
--6-6-6	---4*4--4-	--7-7-7	---2*2----
-----7-	--5-----5--	-----7-	--2-----
-----	-----	5-----	0-----
5-----	3-----	-----	-----

* means a quick rest

If this seems too complicated, it really isn t.
It s made from these four chords:

- A** (5X76)
- G** (3X54)
- D5** (X577)
- A5** (X022)

The guitar part is simple.
All it is is the same four chords:

- A** (5776XX)
- G** (3554XX)
- D5** (X577XX)
- A5** (X022XX)
