How do we ever keep this secret  
**F G C**  
How do we keep it in the dark

And if we dare to taste our weakness  
**F G C**  
How could we tear ourselves apart  
**G Am**  
Why do we keep this love together  
**F G C**  
Didn t we know right from the start  
**G Am**  
That we would have to keep this secret  
**F G C**  
Or forever stay apart

[Verse 2]

(same as verse 1)

I watch you coming to me  
Walking in the pouring rain  
I can't help looking at you  
Wishing I could stay away  
So many times I've tried in vain  
To close my eyes and pray it goes away  
But I can't stop myself from feeling  
To let you go would be too much  
For me to take

[Chorus]

(same as above)

How do we ever keep this secret  
How do we deep it in the dark  
And if we dare to taste our weakness  
How could we tear ourselves apart  
Why do we keep this love together  
Didn't we know right from the start  
That we would have to keep this secret  
Or forever stay apart
