fancy talking

Eb

Now I know and believe that I found
it for real

Cos you re good and you re kind and

F

you care how I feel

Bbm7

I had a tall dark handsome stranger
I ve had the devil in disguise

Eb7

I ve been attracted to the danger

Bbm7

But I was never satisfied

Eb

And I know what I like

F

And I like what I see in your eyes

Eb Db Cm Bbm

You re so beautiful

I ve been pushed I ve been pulled
I ve been put out and trod on
Just by taking my chances I finally
caught on
When I see in your eyes all the love

shining through
I m so glad I held out for somebody
like you

I had a tall dark handsome stranger
I ve had the devil in disguise
I ve been attracted to the danger
But I was never satisfied
And I know what I like
And I like what I see in your eyes

Gb
Heaven must have sent you I know

Bbm
You re so good to me
I feel good with you

Gb
I d be such a fool to let you go

F
There s something about you

Bbm7
I can t live without you

I ve had fast talking good looking men
at my door
Now I m a wiser woman than I was before

I had a tall dark handsome stranger
I ve had the devil in disguise

Eb7
I ve been attracted to the danger

Bbm7
But I was never satisfied

Eb
And I know what I like

F
And I like what I see in your eyes

I had a tall dark handsome stranger
I ve had the devil in disguise
I ve been attracted to the danger
But I was never satisfied
And I know what I like
And I like what I see in your eyes
