Neon concrete jungle
Devour the weak the humble
Hear the city nocturne
Makes you burn

Oh, slip on into darkness
Sharpen up your awareness
Get your seven senses working tonight

C D

No tomorrow - take it right now

In the night I walk alone
In the night - that s where I belong
Take my flesh - I ll give you my soul
Hungry night keeps driving me on

No tomorrow - take it right now

In the night I walk alone
In the night - that s where I belong
Take my flesh - I ll give you my soul
Hungry night keeps driving me on

In the night I walk alone
In the night - that s where I belong
Take my flesh - I ll give you my soul
Hungry night keeps driving me on
On and on
