[Verse]

Em/F#
Spare a little candle

Dsus   **E**
Save some light for me
Em/F#
figures up ahead
 B   **C#**
Moving in the trees
            D
White skin in linen
Em/F#
Perfume on my wrist
            Dsus   **A/C#**   **B**
And the full moon that hangs over
                                  D   **E**   **A5**
these dreams in the mist
Em/F# ...
Darkness on the edge
Shadows where I stand
I search for the time
On a watch with no hands
I want to see you clearly
Come closer than this
But all I remember
            Em/F#
Are the dreams in the mist

[Chorus]

Asus   **E**   **Dsus**   **Asus**   **Dsus** **Asus**
These dreams go on when I close my eyes
            E   **Dsus** **Asus**   **Dsus** **Asus**
Every second of the night I live another life

```
        E                    Dsus                    Asus          Dsus   Asus
These dreams that sleep when it s cold outside
            E                 Dsus          Asus            Dsus      A5
Every moment I m awake the further I m away
```

[Verse]

```
Is it cloak  n dagger
Could it be spring or fall
I walk without a cut
Through a stained glass wall
Weaker in my eyesight
The candle in my grip
And words that have no form
Are falling from my lips
```

[Chorus]

```
These dreams go on when I close my eyes
Every second of the night I live another life
These dreams that sleep when it s cold outside
Every moment I m awake the further I m away
```

```
E11
There s something out there
                          Asus2  A
I can t resist
                  E                              Dsus    Asus
I need to hide away from the pain
E11
There s something out there
                    D   C#   B  A5  Em/F#
I can t resist
```

[Verse]

```
The sweetest song is silence
That I ve ever heard
Funny how your feet
In dreams never touch the earth
In a wood full of princes
Freedom is a kiss
But the prince hides his face
From dreams in the mist
```

[Chorus]

```
These dreams go on when I close my eyes
Every second of the night I live another life
```

These dreams that sleep when it s cold outside
Every moment I m awake the further I m away

These dreams go on when I close my eyes
Every second of the night I live another life
These dreams that sleep when it s cold outside
Every moment I m awake the further I m away
