

**Brazen  
Heartless Bastards**

A while back I submitted the lyrics to this song to some lyrics website and I've seen have popped up around some other sites. I don't know how accurate they are but I have to many different versions of the song is this the best I got. Hopefully someone from the band can set us straight.

These are the chords as I have been able to work them out. Use Barre A for the interlude after the chorus.
