Intro

D |**D** |**Bm** |**Bm** |**G** |**A**

Verse 1

Bm
The sun goes down
The city lights without a sound
G   **A**
It s time to move and I m coming for you

Bm
You gave me your heart
Said i made you feel like a woman
G
Then I tore it apart
                           A
But I ll never be the man I used to be

Bridge

G   **A**
Cause when you lay your arms around me baby
G
And all is said and done
A
I ll be there

Chorus

D   **Bm**
We re gonna make it to the end
                                        G
We re gonna find our way again
                        A   **D**
We ve gotta be strong in what we believe in

                                        D/C#
We re gonna make it to the top
                        Bm
And we ll never gonna stop

```
                                  G A
We re gonna make it to the end
                 Bm
Make it day by day

Verse 2

Bm
The tougher it gets the stronger we ll be
                                            G
If the sun ever sets and we re wrong we can say
We came and we played by the game
               A
And live to fight another day

Bridge

G                             A
Cause when you lay your arms around me baby
G
And all is said and done
A
I ll be there

Chorus

D                           Bm
We re gonna make it to the end
                     G
We re gonna find our way again
              A                        D
We ve gotta be strong in what we believe in

                           D/C#
We re gonna make it to the top
                  Bm
And we ll never gonna stop
                         G A
We re gonna make it to the end
