G **EM** **C** **G**
Baby, I m tired of waitin on you, I m wearin out my floor.
G **EM** **C** **D**
You ve got women waitin on you, you re like a revolvin door.
G **EM** **C** **G**
You live life so cavalier, but time s not on your side.
G **EM** **C** **D** **G**
How much longer will it take until you realize?

Chorus

G **EM**
Short term lovers under covers,
C **D**
Well, now that don t mean a thing.
G **EM**
When you find out what you re missin ,
C **D**
Well, I hope it ain t too late.
C **G**
Cos when you need someone to hold you,
EM **C**
When your world comes tumblin down;
G **EM**
I ll be there if you ever need me,
C **D** **G**
True love won t let you down.

G **EM** **C** **G**
My friends think I m crazy, they say I m wastin my time.
G **EM** **C** **D**
They don t see the magic that you hold in your eyes.
G **EM** **C** **G**
Maybe it s those baby blues that keeps me hypnotized.
G **EM** **C** **D** **G**
I might be a dreamer, but my heart you can t deny:
