

Saturday

Hedley

Ok so i ve seen there wasn t any tab of this great song in any site so i decided to make ^^

by now i just found the pre-chorus and the chorus. Hope it will help all you guys.

But you know actually it s quite simple to find how to play a song when you can t have a

It s basically, almost every time, something like this :

```
e|-----|
B|-----|
G|7-----|
D|7--7---9---5-----|
A|5--7---9---5-----|
E|---5---7---3-----|
```

Evidently not always those very notes but you understand the way.

try this, really, you ll just have to find the right tone but actually it works for a lot of songs. So now saturday by hedley :

E **B**
I love you, i need you
A
Like a thousand times before
E **B**
Wonder why i hate you
A
But i scream and ask for more

E
I only wanted your attention
B
At least the hate is some connection
C#m
But hey it s just another saturday
A
It s only just another saturday

I will still search for the whole song. bye :)
