

To Write Love On Her Arms
Helio

F G Am Em Capo 1st Fret

(or C D Em Bm Capo 4th Fret)

Update - 11th January 14: Okay, so I recently purchased this song on iTunes, and discovered that these chords are in the wrong key (oops...). To play along with the actual song, transpose +7 and put a capo on the 4th fret.

F G Am Em
Well she won't leave this night alone
F G Am Em
And she won't sleep at all
F G
And all the sorrow that she takes out on herself
Am Em
It comes around and leaves her bleeding on the floor
F G
And she knows, yeah she knows
Am Em
That there's a lot of ugly things about this world

F G Am
These street lights, they shine bright
Em F
As they illuminate the darkness of the pavement
G Am
They shine, as we try

To write it on her arms
Em F
The love she longs to taste
G Am
And we'll find that inside
Em
That she's a broken heart that anyone could save
F G Am Em
It's alright, it's alright, it's alright

F G Am
Feeling worthless, self-destruction

Try to take control of this
Find a purpose, reconstruction
Write it somewhere it will stick
And stars are hiding now
But there s something out there still
And she knows, yeah she knows
That there s an awful lot of beauty in this world.

These street lights, they shine bright
As they illuminate the darkness of the pavement
They shine, as we try

To write it on her arms
The love she longs to taste
And we ll find that inside
That she s a broken heart that anyone could save
It s alright, it s alright, it s alright

And the stars are always there
But we miss them in the dirt and clouds
We miss them in the storms
Remember hope
Remember hope
Hold onto hope
We have hope
Hold onto hope
(It s alright) (x8)
