

Better Hope You Die Young
Hellbound Glory

G
You know I hate to tell you that youâ€™re lookin rough
C **G**
Or how to live your life

But all that baby powder just wont cover it up
D

And you canâ€™t hide from time to time
C **G**

All that makeup on your face
C **G**

Canâ€™t hide the fact youâ€™ve been up for days

C **D** **B**
You better come back baby when you fall from grace

E **C** **G**
Livin that way you better hope you die young

C **G** **D**
Living that way it will give you hell on the years to come

C **G**
When thereâ€™s lines upon your face

C **G**
And your body shows it age

C **G** **D**
will you live out all your days with the damage youâ€™ve doen

C **D** **G**
Yeah, livin that way you better hope you die young

G
Well you can live your whole life just like thereâ€™s no tomorrow

C **G**
But baby itâ€™s a fact

That all them all nighters are all just time you borrowed
D

And someday youâ€™ll have to pay them back
C **G**

Them haggard old bar flies that look like hell
C **G**

Livin like you and I but then theyâ€™re gonna tell
C **D** **B**

Is thatâ€™s the kind of life you see before you say
E **C** **G**

Livin that way you better hope you die young
C **G** **D**

Living that way it will be hell on the years to come
C **G**

When thereâ€™s lines upon your face
C **G**

And them tattoos start to fade
