Room at three in the morning

Cause id hate for her
 To not want me around her daughter cause my heart stops everytime
 You ve got Polaroid
 And you even know how to rhyme
 Id be overjoyed
 If we could just hang out sometime
 I don t know what you did
 But you got me to fall for you
 And I know that its stupid
 Your drawing s rad and I
 Put in on my wall and I made
 Sure it wouldn t fall cause if it did
 My straw wrapper might tear
 And there would be no knot and I would
 Feel like id been shot right through the heart
 And id fall apart but id remember how
 My heart stops everytime
 You are so special
 I just hope that we can be friends
 I ll wait forever
 But I guess that it all depends
 On you and yours
 So come on and dance with me
 Cause you are so special

Am C G
I hope that this makes you smile
