

Night Like A River
Hem

It really bothers me that there aren't many tabs on here for Hem, so I will add a few I
able to figure out or find online...

Night Like a River (Curtis)

(Capo 2)

(Cadd9 = x32033)

(Dsus2 = xx0230)

(C/G = 332010)

A Dsus2 A Dsus2

night like a river, banks are steep

Cadd9 G Cadd9 G F A

carry my burden, bury my worry deep

it's like she told me some time ago

there's plenty for harvest, then the cold winds blow

D A E A D A E

i could live a long, long while on the sweetness of her breath

Cadd9 G F C/G G

A

and i could die for walking miles, and still not find my rest

bound and delivered, i returned

tried to forgive her for all the ground we burned

maybe tomorrow waters will clear

i'll shake this sorrow and leave my worry here
