C#  X46600
B   X24400
E   X79900
A   X02200
```

[INTRO]
```
C#                A
```
I bet you ve never felt so distant
```
B
```
Yet we re close enough to touch
```
C#                A
```
Keep bringing that heavy breathing
```
B
```
The game is on

```
C#      A    B     x2
```

[VERS]
```
C#             A
```
You are just a little too easy
```
B
```
And I try my best to crack a smile
```
C#                A
```
Keep holding on to silly things
```
B
```
That make no sense. It makes no sense at all

[PRE CHORUS]
```
C#             A
```
Is it in the way you move,
```
B
```
The way you speak so daringly?
```
C#                  A
```
Is it lying on the bathroom floor
```
B                          A
```
With nothing more to say?

[CHORUS]
```
              C#      A
```
Little miss obvious
```
          E                B
```
Wipe the make up from your face
```
            C#               A
```
And go tell all your friends
```
       B
```
That I m the only one

```
        C#          A
Little miss obvious
          E                   B
I know that we ve seen better days
                  C#              A
But you still tell all your friends
B
That I m the only one

   A      C#    B
Am I the only one?

   A      C#    B
Am I the only one?

[VERS]
C#                        A
It s funny how we re both pretending
B
To give a shit about it all
C#                        A
We both know where this is leading
B
I know the game by now, so tell me
C#              A
Is it in the way you move,
B
The way you speak so eloquently?
C#                        A
Is it leaving straight through that door
B
With so much more to say?

[CHORUS]
            C#        A
Little miss obvious
          E                   B
Wipe the make up from your face
            C#                A
And go tell all your friends
      B
That I m the only one
            C#        A
Little miss obvious
            E                   B
I know that we ve seen better days
                  C#                A
But you still tell all your friends
B
That I m the only one

[BRIDGE]
A                               C#

I ll go ahead and show you to the door
B                             E
I m not the one you re looking for

And go tell all your friends
     B           A
That I m the only one

[CHORUS]
            C#
Little miss obvious
        E                   B
Wipe the make up from your face
           C#              A
And go tell all your friends
     B
That I m the only one
           C#        A
Little miss obvious
            E                   B
I know that we ve seen better days
                 C#        A
So go f**k all my friends
E               B           A
Just to see if I still care at all
