E-----|
```

Bm D A Em x2

Bm D
I don't understand
A Em Bm
what it is that you're not understanding
D
And I don't get
A Em Bm
what it was that you got out of this

D
I was feeling bad
A Em
And all I got from you was you
Bm D
I was feeling bad
A Em G
And all I got from you was you

D A
But do you remember
G D
when it used to be you and me and me and you
A G
And we rose above the rest
D F#m
I'm reading your letters
G D
and waiting for this long winter to end
A G
Maybe you said it best, when you said:

Bm **D**
It's you and me
A **Em**
against the world
Bm **D**
It's you and me
A **Em**
against the world

Bm **D**
And on the other hand
A **Em** **Bm**
there are things that need no explanation
D
I fully understand
A **Em** **Bm**
that you forget what you've got out of this

D
I'm still feeling bad
A **Em**
But all I get from you is you
Bm **D**
I am feeling bad
A **Em** **G**
and all I get from you is you

D **A**
But do you remember
G **D**
When it used to be you and me and me and you
A **G**
And we rose above the rest
D **F#m**
I'm reading your letters
G **D**
And waiting for this long winter to end
A **G**
Maybe you said it best, when you said:

Bm **D**
It's you and me
A **Em**
against the world
Bm **D**
It's you and me
A **Em**
against the world

Bm **D**
So now it's you and him
A **Em**
against the world
Bm **D**
It's you and him
A **Em** **Bm**
against the world
