

Rather Be  
H.E.R.

[Intro]

**Abm**

[Verse 1]

**C**  
Thoughts of you running through my head  
                  **C#m**                  **Abm**                  **C#m**  
As I lie awake in my bed  
                                  **Abm**  
Know you want this, don't be afraid, babe  
                  **C#m**  
And now we're standing face to face  
                  **B**  
Baby, tell it to me now  
  
Everything you dreamed about  
                  **F#**  
Don't make sense to run around it ooh, it's now or never

[Pre-Chorus]

**B**  
Remember this night  
  
Show me how you feel  
                                  **Ebm**                                  **E**  
Let me know it's real tonight, oh

[Chorus]

**Abm**  **B**                  **Ebm**  
There's nowhere I'd rather be than here with you, you, you  
                  **E**                                  **Abm**  **B**  
There's nowhere I'd rather be than here with you, you, you  
**E**  **E**  
There's no place I'd rather be

[Verse 2]

**Abm**  
Feel the energy in this room  
                                  **C#m**                                  **Abm**  
So high, you take me to the moon, oh yeah  
**E**                                  **Abm**  
Oh, what we got is something else  
                  **C#m**                                  **Abm**

So fire, I can't help myself

**B**

Wanna see some fireworks

Let our love explode

**F#**

So I'll rerun every episode

I'm in overload
