

**Leaning On A Lamp Post**  
**Herman's Hermits**

LEANING ON THE LAMP POST  
Herman s Hermits

**C** **G**  
I m leaning on the lamp  
**F** **C**  
Maybe you think I look a tramp  
**C** **G** **F** **C**  
Or maybe you think I m round to steal a car  
**C** **G**  
But no, I m not a crook  
**F** **C**  
And if you think that s what I look  
**C** **G** **F** **C**  
I ll tell you why and what my motives are

**C** **G**  
I m leaning on the lamp post at the corner of the street  
**F** **G** **C**  
In case a certain little lady comes by  
**G** **C**  
Oh me, oh my  
**G** **F** **C**  
In case a certain little lady comes by

**C**  
Oh, she s wonderful, she s marvelous  
**G**  
She s fabulous, she s beautiful  
**F** **G** **C**  
And anyone can understand why  
**C** **F** **G** **C**  
I m leaning on the lamp post at the corner of the street  
**G** **F** **C**  
In case a certain little lady comes by

**C**  
She doesn` t always get away  
**G**  
She cannot always get away  
**F** **G** **C**  
But anyway I know that she` ll try  
**G** **C**  
Oh me, oh my  
**G** **F** **C**  
I hope that little lady comes by

**C**                    **F**                    **G**  
 She`s not the kind of girl to be late for  
**C**                    **G**                    **F**  
 But this one I`d break any date for  
**C**                    **G**                    **F**  
 I won`t have to ask what she`s late for  
**G**  
 She`d never leave me flat  
**G**  
 She`s not a girl like that

**C**  
 Oh, she s wonderful, she s marvelous  
**G**  
 She s fabulous, she s beautiful  
           **F**            **G**            **C**  
 And anyone can understand why  
**C**                    **F**                    **G**                    **C**  
 I m leaning on the lamp post at the corner of the street  
           **G**                    **F**                    **C**  
 In case a certain little lady comes by

**C**                    **G**  
 I m leaning on the lamp post at the corner of the street  
           **F**                    **G**                    **C**  
 In case a certain little lady comes by  
**G**            **C**  
 Oh me, oh my  
           **G**                    **F**                    **C**  
 In case a certain little lady comes by

**C**  
 Oh, she s wonderful, she s marvelous  
**G**  
 She s fabulous, she s beautiful  
           **F**            **G**            **C**  
 And anyone can understand why  
**C**                    **F**                    **G**                    **C**  
 I m leaning on the lamp post at the corner of the street  
           **G**                    **F**                    **C**  
 In case a certain little lady comes by

I think most of it is correct. The 5th stanza was slightly problematic. I hope I  
 ve got  
 the chord progression right. Any comments are welcome at
