intro: **C**

Verse:

```
C                G  
The summer sun will set she said  
Am                G  
If you leave it up there long  
C                G  
Take its beams and moon-time dreams  
Am                G  
Leave town and be gone
```

```
C                G  
I guess you can call that truth  
Am                G  
I will call it lie  
F                G  
I will think of times gone by  
C                G  
When you and I were fine  
F                G                C  
I will hold those days up to my eye
```

Chorus:

F **G** **C**
Sometimes I don t know what you were thinking of
F **G** **C** **C*** **C***
All I want is someone to love

(repeat chord progression of 1st verse
and chorus)

Take your time and talk to him
It matters not at all
I will give you time enough
To know him very well

I am locking down the house
Staring at the wall
All I want to do today is sleep like I once could
If you could give me that
That d be good

Sometimes I don t what you were thinking of
All I want is someone to love
All I want is someone to love

F **G** **C**
And you were pretty good to love

F **G** **C**
And you were pretty good to love

Outro: **C*** **C*** **C***
