Hello everyone, this is my very first tab. I think it sounds pretty good seeing as I did it mostly from eye and only a tiny bit from ear. I ve only been playing for 5 months so don t get too mad at me. I got this from hHead s in environment acoustic performance on Much Music late last year. I ve been searching for hHead tabs everywhere and I couldn t find any...so I made my own....I m working on STILLBORN as we speak... Here it is....JERK:

LYRICS

G G G G A A Eb
Always came but never did
Never once complained about it
Lisa said I told you so
How was I supposed to know

F F F F
Always in my head
Always what he said
One day we will wed

G G
I wish he would drop dead

F F F F

Thought you said you d die for me

G G G G

Now I know you lied to me

G G G G A A Eb

Took me once to niagara falls
Weekend at a motel and all
There he asked for my hand
Could I ever love another man

G G G G A A Eb

Wedding day I looked my best
Pink flowers on my dress
Penny in the pond for good luck
Son of a bitch he didn t show up
