

**When There was Me and You**  
**High School Musical**

[Intro] **E**

**D** **G**  
It s funny when you find yourself  
**A** **D**  
Looking from the outside  
**D** **G**  
I m standing here but all I want  
**A** **D**  
Is to be over there  
**G** **A**  
Why did I let myself believe  
**D**  
Miracles could happen  
**D** **G**  
Cause now I have to pretend  
**A** **D**  
That I don t really care

**G** **A**  
I thought you were my fairytale  
**D** **Bm**  
A dream when I m not sleeping  
**G** **A**  
A wish upon a star  
**Bm** ( **A** )  
That s coming true  
**G** **A**  
But everybody else could tell  
**D** **Bm** **G**  
That I confused my feelings with the truth  
**A**  
When there was me and you

**E** **A**  
I swore I knew the melody  
**B** **E**  
That I heard you singing  
**E**  
And when you smiled  
**A**  
You made me feel  
**B** **E**  
Like I could sing along  
**C#m** **A**  
But then you went and changed the words  
**B** **C#m**

Now my heart is empty

**E** **A**

I m only left with used-to-be s

**B** **E**

And once upon a song

**A** **B**

Now I know your not a fairytale

**E** **C#m**

And dreams were meant for sleeping

**A** **B**

And wishes on a star

**C#m ( B )**

Just don t come true

**A** **B**

Cause now even I can tell

**E** **C#m** **A**

That I confused my feelings with the truth

**B**

Because I liked the view

**G**

When there was me and you

I can t believe that

**D**

I could be so blind

**F#m**

It s like you were floating

While I was falling

**G D**

And I didn t mind

**B7** **C#m**

Because I liked the view

**B**

I thought you felt it too

**E**

When there was me and you
