

Do You Love Me Just Say Yes

Highway 101

G

If I came by round nine tonight

Baby, doubt would it be all right

C

I've got it bad boy

G

I must confess

Tell you now honey would you mind

If I took your hand in mine

C

Could I hold you

G

Just say yes

C'mon, it's on the tip of your tongue

C

So easily done

G

Such a small request

Oh babe, you got something to say

C

Don't keep me waiting

G

Don't make me guess

D

Oh do you love me?

G

Just say yes

You don't have to go on and on

Cuz you know what I really want

C

And that's your love

G

No more, no less

There's only one thing I need to hear

When you whisper in my ear

C

And that s one word

G

Just say yes

C mon, it s on the tip of your tongue

C

So easily done

G

Such a small request

Oh babe, you got something to say

C

Don t keep me waiting

G

Don t make me guess

D

Oh do you love me?

G

Just say yes

D

Do you love me?

G

Just say yes
