verse 2

What goes on inside

is a mystery no doubt

roller coaster ride

I may never work it out

Heres the brand new me

Skates around and floats on air

Im a sight to see

rainbow colours in my hair

you have set me free

the one who gets me there

Chorus

Bridge:

Here is the place where

my head is spinning

time is beginning

to race away

you come before me

knock me off my feet

you give me wings to fly

the world goes crashing by again

Chorus till fade
