```
          RE/FA#                      SOL
In the darkness we were waiting
                 LA                   RE
without hope, without light.
                 RE/FA#                    SOL
Till from heaven you came running
                     LA                   RE
There was mercy in your eyes.
        RE/FA#                    SOL
To fulfil the law and prophets
                   LA             RE
To a virgin came the word
             RE/FA#                 SOL
From a throne of endless glory
          LA                RE
To a cradle in the dirt.
```

God of glory Majesty

```

RE REsus2 RE REsus4 RE

```
      RE/FA#                     SOL
To reveal the kingdom coming
               LA             RE
and to reconcile the lost
        RE/FA#                 SOL
To redeem the whole creation
                 LA                   RE
```

```
You did not despise the cross.
         RE/FA#          SOL
For even in your suffering
                LA                RE
You saw to the other side.
             RE/FA#               SOL
Knowing this was our salvation
                  LA              RE
Jesus for our sake you died.

RE                        SOL
Praise the Father praise the Son

Praise the Spirit three in one.

God of glory Majesty
SIm      SOL             LA        RE

                  SIm                SOL
And the morning that You rose
            LA                RE
All of heaven held its breath
                  SIm                  SOL
Till that stone was moved for good
                 LA                RE
For the Lamb had conquered death
                  SIm                SOL
And the dead rose from their tombs
               LA                RE
And the angels stood in awe
              SIm                SOL
For the souls of all who d come
                LA              RE
To the Father are restored.

               RE/FA#               SOL
And the church of Christ was born
                 LA              RE
Then the Spirit lit the flame
               RE/FA#          SOL
Now this gospel truth of old
                LA                RE
Shall not kneel, shall not faint
          RE/FA#               SOL
By His blood and in His name
                LA              RE
In His freedom I am free
            RE/FA#                SOL
```

```
For the love of Jesus Christ
                    LA              RE
Who has resurrected me.
