

**First Love**  
**Hillsong Young & Free**

[Intro] **G G**

**G**  
This is all I want  
**Cadd9**  
That the love I have for You  
**Dsus**  
Doesn't fade along with youth  
**Em7**  
Can You help with that  
**G**  
The reason that I ask  
**Cadd9**  
I've seen far too many friends  
**Dsus**  
Walk away and not come back  
**Em7**  
I want more than that  
**Am7**  
I won't wash away  
**G/B**  
Like branches in rain  
**Cadd9 D**  
I'd rather be kindling in the light  
**G**  
Set me on fire like I've never known  
**Bm**  
I want to love You more as life goes on  
**C**  
So all of my days I'll place  
**Am G G**  
My first love first again  
**G**  
This is all I pray  
**Cadd9**  
Over everything I ask  
**Dsus**  
That my friends one day come back  
**Em7**  
Can You help with that?  
**G**  
God I know You can  
**Cadd9**  
Cause the fire won't mean a thing

**Dsus**

If it ends right here with me

**Em7**

You want more than that

**Am7**

The river runs fast

**G/B**

But You wait at the banks

**Cadd9**

**D**

And pull us like driftwood from the wild
